DATA ANALYST & DESIGNER

## EXPERIENCE

### DATA ANALYST AND UX/UI DESIGNER

**Gotttert S.A.**

2023 - Present

As a UX/UI designer, my work focuses on creating intuitive and effective applications using Figma, facilitating daily tasks within our organization.

My interest in data is reflected in my specialization in PowerBI, where I design clear and detailed visualizations that I present in strategic meetings, supporting informed and effective decision-making.

### HR ASSISTANT (INTERNSHIP)

**Gotttert S.A.**

2020

During my internship as an HR Assistant, I had the opportunity to lead exciting projects, organize fun internal events, and strengthen public relations. I also enjoyed applying my creativity in graphic design, helping to improve communication and the work environment.
